White office papers

WOP210 Black Label Advanced - FSC®

80 g/m²

Product Description

Great quality paper, suitable for laser, toner and inkjet printers. Ideal for black-and-white as well as spot colour applications. The excellent quality structure of Black Label Advanced is based on modern dehydration technologies. Even the spread of residues and fillers is symmetrical. This ensures flatness and minimises curling when Black Label Advanced is exposed to high fuser temperatures in high-speed copiers.

Physical Properties

Weight (g/m ²)	80	ISO 536	Stiffness MD/CD (mN*m)	124/56	ISO 2493-1
Thickness (µm)	108	ISO 534	Roughness (ml/min)	180	Bendtsen ISO 8791-2
